As the Voice of the Magdalenes comes through, she begins by speaking in the Language of Light.

Greetings. I AM a the Voice of the Magdalene's. There are a number of us who are here, who I AM representing and speaking on behalf of/for. We are a group of Feminine Ascended Beings, as well as a Consciousness that is returning to our Planet. It is a great pleasure, and a great honor to be with you today. It has been a long time, since WE -- our VOICES have been heard on this Earth.

We are a Sacred Order of Sisters – of the Sacred Feminine. The roots of our Order go back to the time of Isis. But really it goes back much farther than that. Some of the early Magdalenes were initiated in Egypt in the Temple of Isis. We became adepts in Feminine Mystery Teachings. These Mystery Teachings are about the Moon, and they are also about the Mysterious Knowledes Within the Womb. These knowledges have been actively suppressed on the Planet.

We lived as Essenes, and formulated as a Sacred Order of Magdalenes at the time of Joshua Ben Joseph's Ministry -- the One that you have come to know as Jesus the Christ. Indeed at the time of Joshua Ben Joseph's -- at the time of his Great Service to Humanity, and to the Earth -- we were very much perceived to be behind the scenes from the perspective of those who adhere to patriarchy. Yet, I do say that the Essenes were not a patriarchal society, and women held a very prominent – a centered role.

[As I was saying] the Magdalene's are indeed a very Sacred Order that goes back to the ways and time of Isis on this Planet. And it is a great honor to speak this day, and to bring the Vibration, the Frequencies, the Energies of the Magdalene's back onto the Earth -- back to the Planet at this time, acknowledging that there are other women around the globe, around the Planet doing this work as well.

Originally, [at the time of Joshua Ben Joseph] we were three “Magdalenes” who played a key role in his Ministry. While this is not currently known, we also played a key role in Joshua's Resurrection – Jesus the Christ's Resurrection in the tomb. Many of you understand that Jesus the Christ anchored in and planted the seeds for the return of Christ consciousness to our Planet. We [as Magdalenes] served as Jesus's Divine Compliment in Service. We served to venerate and preserve the Divine Feminine Compliment to Christ Consciousness. It if it helpful to you, you may refer to this Feminine Compliment as Magdalene Consciousness. Although we also recognize that at some point -- you who have been in past embodiments Initiated as Magdalenes -- will give this Feminine Compliment a new name. ...

As I said – there has been little remembered about us on the Planet. What was known and revered by us -- came to be shrouded in a Veil of Mystery. Who we were and still are, was actively suppressed by forces on this Planet. But now that has all changed. We are living in a new time on this Planet. And the Magdalenes have returned. ...

But there remains – there is a theme, a residue from the time of Christ. It is a residue of the tension that existed between some of the Joshua Ben Joseph's Disciples and the Apostles, and the Magdalenes. The Magdalenes were primary – we played a primary role in Joshua Ben Joseph's Ministry. As well, the Dispensation of what came to be known as the Christian Church was given to Mary Magdalene – not Peter. ... That Truth is not portrayed – has not been told through records of the Bible, and it certainly, wasn't necessarily an expression -- a sentiment that was embraced by all of the Disciples, or the Apostles, and it certainly wasn't embraced by that One who was known as Peter.

*And so you have this residue that is on the Planet at this time. There is a necessity for clearing, and so there is a necessity for Prayer Work. **There is a necessity to work with the Sacred Fire – to work with the Violet Flame -- to work with the Cosmic Christ Blue Lightning Fire and Force, and to Cut all those lines – lines of force, and that residue – to Shatter and Release it, and to Transmute it into the Violet Flame of Love, of Mercy, of Forgiveness. And to Call as well on the Rose Pink Flame, but also to Call upon the Deeper Flame of the Crimson – of the Magenta Color¹, and the Ruby Gold Color-- Call upon those Frequencies -- which is more in line with the Frequency – the Radiance of the Magdalenes. Call upon Us. We are very much with you. We desire to shield you – to protect you. Call upon Arch Angel Michael for his protection. Call upon Emmanuel – Jesus the Christ for his protection. Then go about and do what you came here to do, and if people howl about it -- that's their problem. Just keep on going, and keep on trucking - - because it is time. And this is absolutely on time – [the bringing in the Voice of the Magdalenes] and it is meant to occur.***

It has been said before -- women who are meant to discover these discourses will feel a resonance with this knowledge – these teachings. ... We impress upon each of you who have discovered us again -- let your Life be an Example of not being subjugated – of not being oppressed – of Standing on your own Two Feet. Because -- this is how it is meant to be as Magdalenes. We are very strong, and we are our own

¹ Patricia Cota-Robles, (2007: 88-89) in The Violet Flame: God's Gift to Humanity gives us more insight into the Divine Qualities of the Ruby-Gold Color, which she describes as the 6th Solar Aspect of Deity. The Qualities of the Ruby-Gold are: Divine Grace, Healing, Devotional Worship and Peace. The Magenta Color, she describes as the 9th Solar Aspect of Deity. The Qualities of Magenta are: Harmony, Balance, Assurance and Confidence.

authority. ... And how [is our Presence coming back on the Planet] connected to the project of Divine Justice you may ask? Divine Justice is defined as that balance between the masculine and the feminine. And so there is that necessity for the Divine Feminine to Rise Up in all its Glory. For a time -- there is going to be more of a focus on the Divine Feminine messages – the Divine Feminine Presence -- as those scales of Justice balance themselves. Do you understand?

[A question was asked of the Voice of the Magdalenes about a woman experiencing depression. The woman asked, "Can you share more about this appearance?"

Well, a number of women are going through this at this time. It is an initiation a lot of women are going through -- because it's women's time on the Planet. It's women's time to come forth. It's the return of the Mother. It's the return of the Mother's Presence. It's the return of the Magdalenes. It is the return of the Divine Feminine. However you want to describe it. It is the return of the Goddess. And women have been living within the context of a patriarchy. They have learned to devalue themselves, and so the prospect of coming out into the Light – in the fullness of their Glory -- in their Feminine Divine Glory involves a process of facing the internalized patriarchy inside themselves – the internalized hatred – the internalized misogyny. And it is – it is a part of the Initiation – the process of coming to take oneself seriously -- of coming to do the Divine Works that they have come to do on the Planet. ... And for Magdalenes our work is to bring forth the Mystery – the Feminine Mystery teachings upon the Planet. We have more that we desire to say about this.

At this time we will say that there are many loci for teachings about the Feminine Divine. There are different localized expressions of the Feminine Divine – about Women's Mystery teachings. Whether it is from the Ancient, Ancient, Ancient Grandmothers, or whether it's from the Magdalene's, whether it's from White Buffalo Calf Woman, whatever it is – it is the same kind of energy – whatever the message is that is to be broadcast on the Planet at this time.

And also, there are many manifestations of the Divine Feminine – the Mother's Presence – Mother God. So there are many different manifestations of Mother God. There are many different names for that understanding. ... And ... one name that people have come to associate with Mother God does not have a monopoly on Mother God. For some, there is a bit of confusion there. There is a bit of human 3-D, you know, contextualization there – that isn't quite the way it is if I AM making myself clear?

(Yes)

And so, there are many faces of the Holy Mother. There is a face that is presented in today's world that is associated with the Divine Mother -- the Holy Mother. I will speak bluntly here, because that is how we are as Magdalenes – we say it as it is. There is a dominant image presented that Mother God is white – the Mother God has blonde hair. Well, yes – that is True. She is White and she does have blonde hair. That is one face of her. That is one way that she represents herself. But let me

give this example. If we were in a group of let's say -- predominantly -- a group of African – Black People – the Holy Mother would represent herself in another way. If it was a group of Native American People -- the Holy Mother would present herself in another way. Etc. Do you understand?

*So what some groups have done – is that they have taken one representation of the Holy Mother, and said that is what it is – that it is the only representation. And that just isn't true. That is a third dimensional understanding. **There is a necessity to break that up. I encourage you to do Prayer Call Work together. Maybe there's a group – a momentum of women that will gather. May you will gather at the same time when other groups have assigned time for prayer. That would be very powerful. But yet, you have your own focus – your own momentum. There is nothing wrong with that. You are Free Will Beings. You have the capacity. You have the ability. You have the authority. If you feel that something needs to be cleared, then Pray for it -- then Call that forth. So if you feel that there is a necessity for a broader understanding of the Divine Mother than Pray for that, and Call that forth. Call forth the Cosmic Blue Lightening Fire and Force to Shatter and Release, Shatter and Release, Shatter and Release all limiting notions of the Divine Mother. That would be a powerful -- a powerful service on this Planet.***

(There was posed a question about Protocol around doing Prayer Calls. It was noted that within Patricia Cota-Robles work² – there is the teaching of working with Sacred Breath in the Pouring forth of Sacred Fire Energies. The Voice of the Magdalenes was asked about how to do Prayer Calls?)

Well, you are right on target with the focus on the Breath. I encourage you. We encourage you to continue doing that deep breath work, and to expand that breath work with your Prayer Calls, and also to make an intention that before you do any prayer work -- that you link up with everyone else that is doing Prayer Work on the Planet, and that your Higher Mental Bodies converge, and so you are not working in isolation. You are working together. So stand in for 10-15 minutes, and with Power of your Voice and Degree -- Command the Sacred Fire, and work with some Sacred Mantras. And it is a good idea to Stand for that work. After all, you are a Two-Legged Being for a Reason. You have two Standing Legs for a Reason. Then after you have done this for 10-15 mins, you can move into the Sacred Breath work. You can sit down for this, but make sure your spine is straight. Now – visualize whatever aspect of the Sacred Fire you are working with – maybe it is the Violet Flame – As you take in that Sacred Breath –breathe in the Violet Flames in through your Being and World. Then hold the Breath. Really hold that Breath in through your Being and World, and then with your Out Breath – Release the Sacred Fire into where your Focus for the Sacred Fire May Be. And again hold that out breath, before taking in

another breath. Then repeat the process – in a circular fashion for as long as feels appropriate. Do you understand?

(Yes.)

We also encourage those who feel a resonance with the works of Divine Justice to spend more time in meditation -- spend more time Calling to the Goddess of Justice, and communing deeply with the Goddess of Justice – and working with her Flame.

(A question was posed about stepping into one's Life's Work?)

*M: Well there is lot's to say about that, and we will have more information for you. For now, what I desire to say is this. I encourage you all to let things [your Service to Life] unfold naturally. We also say to all of you – Trust Your Selves. Trust that you are on Target, and Trust in the Evolution of Life. TRUST. TRUST. TRUST. **So a lot of Breath Wor,k and Breathing in Trust. Breathing in Trust. We encourage you to really breathe in TRUST. TRUST. TRUST. TRUST.***

....

It was a pleasure speaking with you this day.
