I AM THE PRESENCE, now Blazing in my Heart. I INVOKE ALL THE LEGIONS OF LIGHT THROUGHOUT INFININITY who are associated with the 5<sup>th</sup>-Dimensional Frequencies of the Violet and Lavender Flames.

Blessed Ones, as I invoke this Divine Light for myself, I simultaneously invoke it for my Loved Ones and to all Humanity, and especially this day to all parents and/or all who raise babies, children and youth on this Beloved Planet.

Blaze, blaze, blaze the full momentum of this Sacred Violet and Lavender Fires in, through and around every electron of precious Life energy that I, and all others have ever mis-qualified in any time frame or dimension, both known and unknown, concerning child rearing and parenting. Transmute these patterns of imperfection cause, core, effect, record and memory into God's Limitless Perfection.

(Pause. Then Breathe in the Violet and Lavender Flames. Hold the breath, then as you exhale – Pour Forth the Violet and Lavender Flames into child rearing and parenting practices in any time frame or dimension, both known and unknown. Then hold the breath. Repeat as often as feel appropriate.)

I AM now blazing the various 5<sup>th</sup>-Dimensional frequencies of the Violet Flame and Lavender Flame through every thought, word, action or feeling I have, and all others have ever expressed concerning child rearing and parenting practices, that reflects anything less than the Immaculate Concept of our full Divine Potential.

(Pause and repeat with the in breath and outbreath. Holding the breath, and breathing in the various 5<sup>th</sup>-Dimensional frequencies of the Violet and Lavender Flames. Hold the breath. Then exhale – and Pour forth to every thought, word, action or feeling I have, and all others have ever expressed concerning child rearing and parenting, that reflects anything less than the Immaculate Concept of our full Divine Potential. Hold the breath. Repeat as often as feel appropriate.)

Beloved I AM, look into my life and the lives of all of humanity, and see what yet remains to be balanced by our selves to any infant, child, youth that we may have

wronged, knowingly, or unknowingly at any time, in any way, for any reason whatsoever.

Reach your great loving hands of Light into all the positively qualified energy I, and all of humanity have released throughout our Earthly sojourns, and draw forth a thousand times as much perfection as we have ever done wrong.

Fashion from this substance of perfection a Gift of Love, whatever is necessary to balance any debt that I, and all of humanity have created, which still remains unpaid regarding parenting and/or child rearing practices.

(Pause. Breathe in the positively qualified energies released throughout our Earthly sojourns, and a thousand times as much perfection as humanity has ever done wrong. Hold. Then feel the fashioning from this substance of perfection a Gift of Love, whatever is necessary to balance any debts of humanity regarding child rearing and parenting. Exhale. Pour forth this Gift of Love, balancing all debts of humanity regarding child rearing and parenting. Hold. Repeat as often as feel appropriate.)

Beloved I AM. I ask you to forgive every person, place, condition or thing which may have wronged me and all of humanity, in any way when we were babes, children, or youth, in any time frame or dimension, and balance all debts owed to us by Life everywhere.

I accept this done through the Power of God I AM.

And so it is.
